In pursuance of the powers exercised by them ~~as the Council of the County of Essex~~ as local planning authority this Council do hereby give notice of their decision to REFUSE permission for the following development:-

Erection of 8 3-bedroom terrace houses and garages at land
Rusko Road and Budna Road, Canvey Island.

for the following reasons:-

1. The proposal represents a long and monotonous design framework lacking in visual interest and implied architectural composition with poor internal space standards for future occupants.
2. The site is capable of development with a variety of house types, with varying frontages, emphatic variations in the building line, of single as well as two-storey in height and using a variety of materials, together with appropriate tree planting.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order. (The statutory requirements include Section 6 of the Control of Office and Industrial Development Act, 1965 and Section 23 of the Industrial Development Act 1966).

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. To Gateway Developments Ltd.,

This Council do hereby give notice of their decision to REFUSE permission for the following development :-

Erection of 2 storey offices and car parking at
9, 11 & 13 Knightswick Road, Canvey Island.

for the following reasons:-

- (i) Development of the site for office purposes would be likely to create an isolated pocket of business use which would overlook the adjoining land to the west proposed for residential use and have an adverse affect upon the privacy and outlook of future dwellings in the area.
- (ii) Adequate provision of offices is made in association with the shopping uses proposed in the Town Centre and other sites more appropriately located exist which could be more intensively redeveloped for office purposes. Extension of the area for office use would be likely to result in over provision and detract from the scale and mass of buildings proposed as part of a comprehensive redevelopment.
