NOTES

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development or to grant permission or approval subject to conditions, he may appeal to the Secretary of State for the Environment, in accordance with Section 36 of the Town and Country Planning Act 1971, within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, 2 Marsham Street, London, S.W.1.). The Secretary of State has power to allow a longer period for the giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, or could not have been so granted otherwise than subject to the conditions imposed by them, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order. (The statutory requirements include Section 6 of the Control of Office and Industrial Development Act, 1965 and Section 23 of the Industrial Development Act 1966).

(2) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act, 1971

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. The circumstances in which such compensation is payable are set out in Section 169 of the Town and Country Planning Act, 1971.

Schedule attached to Decision Notice
Application No. CPT/992/74

Conditions:

1. The development hereby permitted may only be carried out in accordance with details of the siting, design and external appearance of the buildings and the means of access thereto (hereinafter called "the reserved matters"), the approval of which shall be obtained from the district planning authority before the development is begun.
2. Application for approval of the reserved matters shall be made to the district planning authority within two years beginning with the date of this permission.
3. The development hereby permitted shall be begun not later than whichever is the later of the following dates:-
 - (a) The expiration of three years from the date of this permission; or
 - (b) the expiration of one year from the final approval of the reserved matters or, in the case of approval on different dates, the final approval of the last such matter to be approved.
4. A 1.8m. (6'0") close boarded screen fence shall be erected and maintained in the positions indicated green on the plan returned herewith, prior to completion and occupation of the development hereby approved.
5. No development of the type specified in Section 1 of Class I of Schedule I of the Town and Country Planning General Development Order 1973 shall be carried out without the permission of the Castle Point District Council.

Reasons:

- 1,2 & 3. The particulars submitted are insufficient for consideration of the details mentioned and also pursuant to Section 42 of the Town and Country Planning Act, 1971 in order to encourage an early start to the development having regard to the considerable demand for additional housing accommodation over the country as a whole.
4. To safeguard the privacy and amenities of both this and adjoining properties.
5. The site of the development hereby approved is restricted in size, and additional development could result in an unacceptable diminution in privacy or private open space standards.
