(Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, 2 Marsham Street, London, S.W.1.). (The statutory requirements include Section 6 of the Control of Office and Industrial Development Act, 1965 and Section 23 of the Industrial Development Act 1966).

(2) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act, 1971

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. In pursuance of the powers exercised by them on behalf of the County Council of Essex as local planning authority this Council do hereby give notice of their decision to REFUSE permission for the following development:-

Change of use from shop to coal order and haulage  
office at 78 High Street, Hadleigh.

for the following reasons:-

1. The introduction of a further business use along a relatively unspoilt stretch of the A13 would further erode the character of the area and would have an adverse effect on nearby dwellings by reason of the increased level of activity on the premises and increased traffic visiting the site.
2. The introduction of a further business use would further contribute to the uncontrolled spread of commercial uses outside the areas envisaged for such purposes in the Council's policy for Hadleigh Town Centre and as such would militate against the ultimate realisation of the policy in an area where already severe planning problems exist by reason of such uses.
