The site is located outside any area allocated for residential purposes and is within an area allocated as Extended Green Belt on the Approved First Review Development Plan, and Metropolitan Green Belt in the Structure Plan, where development of this type is permitted only in the most exceptional circumstances.
2. The proposed access, by reason of its restricted width, would create a feature alien to the character and form of the existing development pattern of the area and would, by virtue of the proximity of the required extended access to the adjoining dwellings across the greensward, adversely affect the amenities of the occupiers of the adjoining dwellings, by reason of noise and general disturbance.
3. The proposal, by reason of the restricted size of the cul-de-sac turning head would result in congestion and conflict for vehicles at this point, to the detriment of visitors and occupiers of the proposed dwellings.

NOTES

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, he may appeal to the Secretary of State for the Environment in accordance with Section 36 of the Town and Country Planning Act 1971, within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol, Avon). The Secretary of State has power to allow a longer period for giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order. (The statutory requirements include Section 6 of the Control of Office and Industrial Development Act, 1956 and Section 23 of the Industrial Development Act, 1966).

(2) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act, 1971.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. The circumstances in which such compensation is payable are set out in Section 169 of the Town and Country Planning Act, 1971.

Town and Country Planning General Development Orders

DISTRICT COUNCIL OF CASTLE POINT

To Mr. Hennessey,
..... c/o Ashwood Consultants Ltd., Greenland Farm,
..... Lamberts Lane, Earls Colne, Colchester, Essex, CO6 201

This Council do hereby give notice of their decision to REFUSE permission for the following development:-

One, four bedroom detached chalet with integral double garage at 491 London Road,
Benfleet

for the following reasons:-

1. The proposed development would result in the creation of an inadequate access and lead to an increase in traffic movements at a point on the hill where visibility is severely restricted by a bend in the highway, and would therefore lead to a possible danger and inconvenience to other users of the highway and to the detriment of highway safety.
2. The proposed dwelling would dominate the bungalow to the north by reason of its proposed height, location and the topography of the site, would deprive the residents of that dwelling of privacy by the direct overlooking of its garden and windows.
