Town and Country Planning General Development Orders

DISTRICT COUNCIL OF CASTLE POINT

To Dr. S.S. Gill,
30 Antrim Road,
..... Shoeburyness,
Essex,
SS3 9LH

This Council do hereby give notice of their decision to REFUSE permission for the following development:-

Change of Use to Doctors Surgery at 383 Rayeigh Road, Thundersley

for the following reasons:-

1. The site is situated on a very busy main road where the use will generate considerable activity including the manoeuvring of vehicles on and off the carriageway which would be detrimental to highway safety and the free flow of traffic in this area where the carriageway is narrow and the gradient of the hill restricts visibility.
2. The provision of car parking facilities in the rear garden area would cause a considerable loss of amenity for the occupiers of the surrounding properties particularly in the use of their gardens and subject them to a high degree of noise and general disturbance.

This Council do hereby give notice of their decision to REFUSE permission for the following development:-

Four detached houses and garages and private drive at 4 Clarence Close, Benfleet

for the following reasons:-

1. The proposal relies on a contrived access, and would be contrary to the Council's policy in respect of backland development, which requires that vehicular access to the site be designed to such a width and standard to be in character with the roads within that urban area; and that segregated pedestrian access be provided.
2. The appearance of the development from the road to which access is gained would be alien to the established pattern of development of the area, and would present a cramped appearance, out of character with the established street scene.

(2) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act, 1971.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. TOWN AND COUNTRY PLANNING ACT 1971

Town and Country Planning General Development Orders

DISTRICT COUNCIL OF CASTLE POINT

To A. Fitzpatrick, Esq.,
32 Malwood Road,
..... Benfleet,
Essex

This Council do hereby give notice of their decision to REFUSE permission for the following development:-

Single storey, pitched roofed, side extension at 32 Malwood Road, Benfleet

for the following reasons:-

The proposal, by reason of its substantial projection in front of the established building line, would be contrary to the Council's adopted policies which require satisfactory building lines to be maintained to form a proper setting for the building. The present proposal would form an obtrusive feature in the street scene out of character with the more spacious setting of the surrounding dwellings.

To Mr. and Mrs. B. Cheal,

This Council do hereby give notice of their decision to REFUSE permission for the following development:-

Part two storey, part first floor, 'L' shaped, hipped roofed, front and side extension
at 10 Northfalls Road, Canvey Island

for the following reasons:-

1. The proposal represents overdevelopment of the site, in that it would extend the first floor to within 1m of the side boundary, creating a cramped appearance in the street scene, out of character with the other dwellings in the road.
2. The proposed development would not comply with the Council's adopted standard requiring rear gardens attached to two storey dwellings to have a minimum depth of 30'. If approved therefore, the development would give rise to overlooking and a subsequent loss of privacy on the part of the occupiers of the dwellings to the rear.
