ToMr. Dempster,.....
c/o Planning & Design Services, St. Andrews, 156 Rawreth Lane,
.....Rayleigh, Essex, SS6 9RN.....

This Council do hereby give notice of their decision to REFUSE permission for the following development:-

Single storey, hipped roofed, rear extension and hipped roofed garage at
106 Church Road, Benfleet

for the following reasons:-

The proposal by reason of its size, bulk and depth would dominate and have an oppressive affect on the amenities of the dwelling to the south and result in a loss of light and visual aspect for the occupiers of that dwelling which they should reasonably expect to enjoy.

NOTES

(1) If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, he may appeal to the Secretary of State for the Environment in accordance with Section 36 of the Town and Country Planning Act 1971, within six months of receipt of this notice. (Appeals must be made on a form which is obtainable from the Secretary of State for the Environment, Tollgate House, Houlton Street, Bristol, Avon). The Secretary of State has power to allow a longer period for giving of a notice of appeal but he will not normally be prepared to exercise this power unless there are special circumstances which excuse the delay in giving notice of appeal. The Secretary of State is not required to entertain an appeal if it appears to him that permission for the proposed development could not have been granted by the local planning authority, having regard to the statutory requirements, to the provisions of the development order, and to any directions given under the order. (The statutory requirements include Section 6 of the Control of Office and Industrial Development Act, 1956 and Section 23 of the Industrial Development Act, 1966).

(2) If permission to develop land is refused, or granted subject to conditions, whether by the local planning authority or by the Secretary of State for the Environment and the owner of the land claims that the land has become incapable of reasonably beneficial use in its existing state and cannot be rendered capable of reasonably beneficial use by the carrying out of any development which has been or would be permitted, he may serve on the Council of the County District in which the land is situated a purchase notice requiring that Council to purchase his interest in the land in accordance with the provisions of Part IX of the Town and Country Planning Act, 1971.

(3) In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of an application to him. The circumstances in which such compensation is payable are set out in Section 169 of the Town and Country Planning Act, 1971.
