   Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the
authority, it is necessary in the interests of amenity to maintain the special character of the woodland or the woodland character of the area, and shall not impose conditions on such consent requiring replacement or replanting.

(2) The authority shall keep a register of all applications for consent under this Order containing information as to the nature of the application, the decision of the authority thereon, any compensation awarded in consequence of such decision and any directions as to replanting of woodlands; and every such register shall be available for inspection by the public at all reasonable hours.

CASTLE POINT TREE PRESERVATION ORDER
NO. 1/82
55, LONG ROAD, CANVEY ISLAND.

STATEMENT OF THE REASONS OF
THE COUNCIL FOR MAKING THE ORDER

1. The Council is the local planning authority for the District of Castle Point.

2. The Council considers that the trees marked on the attached plan provide a significant degree of natural vegetation in a densely built up area generally lacking in trees, and in addition form an important feature in the street scene.

3. The retention of these trees would provide an important screen to the proposed car park at 55 Long Road.

DATED THIS 15th DAY OF JANUARY 1982

Chief Executive and Clerk of the Council

Council Offices,
Kiln Road,
Benfleet,
Essex.
The Castle Point District Council in this Order called "the authority" in pursuance of the powers conferred in that behalf by sections 60 and 61 of the Town and Country Planning Act 1971 (as amended) and subject to the provisions of the Forestry Act 1967, hereby makes the following order:—

1. In this Order:—

"the Act" means the Town and Country Planning Act 1971, as amended by the Local Government, Planning and Land Act 1980;

"owner" means the owner in fee simple, either in possession or who has granted a lease or tenancy of which the unexpired portion is less than three years; lessee (including a sub-lessee) or tenant in possession, the unexpired portion of whose lease or tenancy is three years or more; and a mortgagee in possession.

2. Subject to the provisions of this Order and to the exemptions specified in the Second Schedule hereto, no person shall, except with the consent of the authority and in accordance with the conditions, if any, imposed on such consent, cut down, top, lop, uproot, wilfully damage or wilfully destroy or cause or permit the cutting down, topping, lopping, uprooting, wilful damage, or wilful destruction of any tree specified in the First Schedule hereto or comprised in a group of trees or in a woodland therein specified, the position of which trees, groups of trees and woodlands is defined in the manner indicated in the said First Schedule on the map annexed hereto which map shall, for the purposes of such definition as aforesaid, prevail where any ambiguity arises between it and the specification in the said First Schedule.

3. An application for consent made to the authority under Article 2 of this Order shall be in writing stating the reasons for making the application, and shall by reference if necessary to a plan specify the trees to which the application relates, and the operations for carrying out of which consent is required.

4. (1) Where an application for consent is made to the authority under this Order, the authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof), as the authority may think fit, or may refuse consent:

Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of the...
authority, it is necessary in the interests of amenity to maintain the
special character of the woodland or the woodland character of the area, and
shall not impose conditions on such consent requiring replacement or
replanting.

(2) The authority shall keep a register of all applications for consent
under this Order containing information as to the nature of the application,
the decision of the authority thereon, any compensation awarded in consequence
of such decision and any directions as to replanting of woodlands; and every
such register shall be available for inspection by the public at all reasonable
hours.

(NOTE: If it is desired to fell any of the trees included in this Order,
whether included as trees, groups of trees or woodlands, and the trees are trees
for the felling of which a licence is required under the Forestry Act 1967,
application should be made not to the authority for consent under this order
but to the Conservator of Forests for a licence under that Act (Section 15(5)).

5. Where the authority refuses consent under this Order or grants such consent
subject to conditions it may when refusing or granting consent certify in respect
of any trees for which it is so refusing or granting consent that it is
satisfied :-

(a) that the refusal or condition is in the interests of good forestry; or
(b) in the case of trees other than trees comprised in woodlands, that the
trees have an outstanding or special amenity value.

6. (i) Where consent is granted under this Order to fell any part of a
woodland other than consent for silvicultural thinning then unless :-

(a) such consent is granted for the purpose of enabling development to be
carried out in accordance with a permission to develop land under Part
III of the Act, or
(b) the authority dispenses with replanting,
the authority shall give the owner of the land on which that part of the
woodland is situated a direction in writing specifying the manner in which and
the time within which he shall replant such land and where such a direction is
given and the part is felled the owner shall, subject to the provision of this
Order and Section 175 of the Act, replant the said land in accordance with the
direction.

(2) Any direction given under paragraph (1) of this Article may include
requirements as to :-

(a) species;
(b) number of trees per acre;
(c) the erection and maintenance of fencing necessary for protection of the
replanting;
(d) the preparation of ground, training, removal of brushwood, top and top;
(e) protective measures against fire.
7. On imposing any condition requiring the replacement of any tree under Article 4 of the Order, or on giving a direction under Article 6 of this Order with respect to the replanting of woodlands, the authority shall if such condition or direction relates to land in respect of which byelaws made by a river authority, a drainage board, the Conservators of the River Thames or the Lee Conservancy Catchment Board restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such byelaws and that any such condition or direction has effect subject to the requirements of the river authority, drainage board, the Conservators of the River Thames or the Lee Conservancy Catchment Board under those byelaws and the condition or direction shall have effect accordingly.

8. The provisions set out in the Third Schedule to this Order, being provisions of Part III of the Act and of sub-section (5) of Section 60 of the Act adapted and modified for the purpose of this Order, shall apply in relation thereto.

9. Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to condition shall, if he makes a claim on the authority within the time and in the manner prescribed by this Order, be entitled to recover from the authority compensation in respect of such loss or damage:

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 5 of this Order.

10. In assessing compensation payable under the last preceding Article account shall be taken of:

(a) any compensation or contribution which has been paid whether to the claimant or any other person, in respect of the same trees under the terms of this or any other Tree Preservation Order under Section 60 of the Act or under the terms of any Interim Preservation Order made under Section 8 of the Town and Country Planning (Interim Development) Act 1944, or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act 1932, and

(b) any injurious affection to any land of the owner which would result from the felling of the trees the subject of the claim.

11. (1) A claim for compensation under this Order shall be in writing and shall be made by serving it on the authority, such service to be affected by delivering the claim at the offices of the authority addressed to the Chief Executive and Clerk thereof or by sending it by prepaid post so addressed.
(2) The time within which any claim shall be made as aforesaid shall be a period of twelve months from the date of the decision of the authority.

12. Any question of disputed compensation shall be determined in accordance with the provisions of Section 179 of the Act.

13. The provisions of Section 61 of the Act shall apply to this Order and the Order shall take effect on the date hereof.

(NOTE: Any person contravening the provisions of this Order by cutting down, uprooting or wilfully destroying a tree, or by wilfully damaging, topping or lopping a tree in such a manner as to be likely to destroy it is guilty of an offence and liable on summary conviction to a fine not exceeding £400 or twice the sum which appears to the court to be the value of the tree, whichever is the greater, or on indictment to a fine. The penalty for any other contravention of this Order is a fine not exceeding £200 on summary conviction and, in the case of a continuing offence when the contravention is continued after conviction, a person is liable on summary conviction to an additional fine not exceeding £5 for every day on which the contravention is so continued.

If a tree other than one to which an Order applied as part of a woodland is removed, uprooted or destroyed in contravention of an Order or is removed, uprooted or destroyed or dies at a time when its cutting down or uprooting is authorised only by Section 60(6) of the Town and Country Planning Act 1971 relating to trees which are dying or dead or have become dangerous, it is the duty of the owner of the land, unless on his application the local planning authority dispenses with the requirement, to plant another tree of appropriate size and species at the same place as soon as he reasonably can. Except in emergency, not less than five days previous notice of the removal etc., should be given to the authority to enable the latter to decide whether or not to dispense with the requirement).

CASTLE POINT TREE PRESERVATION ORDER
NO. 2/81

146-164 KENNETH ROAD AND 10-24 THUNDERSLEY GROVE, BENFLEET, ESSEX

STATEMENT OF THE REASONS OF
THE COUNCIL FOR MAKING THE ORDER

1. The Council is the local planning authority for the District of Castle Point.

2. The site is densely wooded with both mature trees and large shrubs which creates a pleasant visual feature, softening and adding character to the surrounding highly developed areas. Whilst planning permissions have been granted for residential development, it is the intention of the Council to retain this character through the protection of the mature trees on the site, most of which are fully grown, of between 30' and 50' in height and over forty years old, with one tree professed to be over 100 years old. The Council considers that these trees have become an integral part of the local environment and that their loss would not only be detrimental to the visual appearance of the area, but would also result in the loss of valuable wildlife habitats. Consequently, by virtue of the powers conferred upon it by the Town and Country Planning Act 1971, the Council has made a Tree Preservation Order in respect thereof.

Dated this 7th day of December, 1981.

The Castle Point District Council in this Order called "the authority" in pursuance of the powers conferred in that behalf by sections 60 and 61 of the Town and Country Planning Act 1971 (as amended) and subject to the provisions of the Forestry Act 1967, hereby makes the following order :-

1. In this Order:-

"the Act" means the Town and Country Planning Act 1971, as amended by the Local Government, Planning and Land Act 1980;

"owner" means the owner in fee simple, either in possession or who has granted a lease or tenancy of which the unexpired portion is less than three years; lessee (including a sub-lessee) or tenant in possession, the unexpired portion of whose lease or tenancy is three years or more; and a mortgagee in possession.

2. Subject to the provisions of this Order and to the exemptions specified in the Second Schedule hereto, no person shall, except with the consent of the authority and in accordance with the conditions, if any, imposed on such consent, cut down, top, lop, uproot, wilfully damage or wilfully destroy or cause or permit the cutting down, topping, lopping, uprooting, wilful damage, or wilful destruction of any tree specified in the First Schedule hereto or comprised in a group of trees or in a woodland therein specified, the position of which trees, groups of trees and woodlands is defined in the manner indicated in the said First Schedule on the map annexed hereto which map shall, for the purposes of such definition as aforesaid, prevail where any ambiguity arises between it and the specification in the said First Schedule.

3. An application for consent made to the authority under Article 2 of this Order shall be in writing stating the reasons for making the application, and shall by reference if necessary to a plan specify the trees to which the application relates, and the operations for carrying out of which consent is required.

4. (1) Where an application for consent is made to the authority under this Order, the authority may grant such consent either unconditionally, or subject to such conditions (including conditions requiring the replacement of any tree by one or more trees on the site or in the immediate vicinity thereof), as the authority may think fit, or may refuse consent:

Provided that where the application relates to any woodland specified in the First Schedule to this Order the authority shall grant consent so far as accords with the principles of good forestry, except where, in the opinion of th
authority, it is necessary in the interests of amenity to maintain the
special character of the woodland or the woodland character of the area, and
shall not impose conditions on such consent requiring replacement or
replanting.

(2) The authority shall keep a register of all applications for consent
under this Order containing information as to the nature of the application,
the decision of the authority thereon, any compensation awarded in consequence
of such decision and any directions as to replanting of woodlands; and every
such register shall be available for inspection by the public at all reasonable
hours.

(NOTE: If it is desired to fell any of the trees included in this Order,
whether included as trees, groups of trees or woodlands, and the trees are trees
for the felling of which a licence is required under the Forestry Act 1967,
an application should be made not to the authority for consent under this Order
but to the Conservator of Forests for a licence under that Act (Section 15(5)).

5. Where the authority refuses consent under this Order or grants such consent
subject to conditions it may when refusing or granting consent certify in respect
of any trees for which it is so refusing or granting consent that it is
satisfied:--

(a) that the refusal or condition is in the interests of good forestry; or
(b) in the case of trees other than trees comprised in woodlands, that the
trees have an outstanding or special amenity value.

6. (1) Where consent is granted under this Order to fell any part of a
woodland other than consent for silvicultural thinning then unless:--

(a) such consent is granted for the purpose of enabling development to be
carried out in accordance with a permission to develop land under Part
III of the Act, or
(b) the authority dispenses with replanting,
the authority shall give the owner of the land on which that part of the
woodland is situated a direction in writing specifying the manner in which and
the time within which he shall replant such land and where such a direction is
given and the part is felled the owner shall, subject to the provision of this
Order and Section 175 of the Act, replant the said land in accordance with the
direction.

(2) Any direction given under paragraph (1) of this Article may include
requirements as to:--

(a) species;
(b) number of trees per acre;
(c) the erection and maintenance of fencing necessary for protection of the
replanting;
(d) the preparation of ground, draining, removal of brushwood, lop and top; and
(e) protective measures against fire.
7. On imposing any condition requiring the replacement of any tree under Article 4 of the Order, or on giving a direction under Article 6 of this Order with respect to the replanting of woodlands, the authority shall if such condition or direction relates to land in respect of which byelaws made by a river authority, a drainage board, the Conservators of the River Thames or the Lee Conservancy Catchment Board restrict or regulate the planting of trees, notify the applicant or the owner of the land, as the case may be, of the existence of such byelaws and that any such condition or direction has effect subject to the requirements of the river authority, drainage board, the Conservators of the River Thames or the Lee Conservancy Catchment Board under those byelaws and the condition or direction shall have effect accordingly.

8. The provisions set out in the Third Schedule to this Order, being provisions of Part III of the Act and of subsection (5) of Section 60 of the Act adapted and modified for the purpose of this Order, shall apply in relation thereto.

9. Subject to the provisions of this Order, any person who has suffered loss or damage in consequence of any refusal (including revocation or modification) of consent under this Order or of any grant of any such consent subject to condition shall, if he makes a claim on the authority within the time and in the manner prescribed by this Order, be entitled to recover from the authority compensation in respect of such loss or damage:

Provided that no compensation shall be payable in respect of loss or damage suffered by reason of such refusal or grant of consent in the case of any trees the subject of a certificate in accordance with Article 5 of this Order.

10. In assessing compensation payable under the last preceding Article account shall be taken of:

(a) any compensation or contribution which has been paid whether to the claimant or any other person, in respect of the same trees under the terms of this or any other Tree Preservation Order under Section 60 of the Act or under the terms of any Interim Preservation Order made under Section 8 of the Town and Country Planning (Interim Development) Act 1948 or any compensation which has been paid or which could have been claimed under any provision relating to the preservation of trees or protection of woodlands contained in an operative scheme under the Town and Country Planning Act 1932, and

(b) any injurious affection to any land of the owner which would result from the felling of the trees the subject of the claim.

11. A claim for compensation under this Order shall be in writing and shall be made by serving it on the authority, such service to be effected by delivering the claim at the offices of the authority addressed to the Chief Executive and Clerk thereof or by sending it by prepaid post so addressed.
(2) The time within which any claim shall be made as aforesaid shall be a period of twelve months from the date of the decision of the authority.

12. Any question of disputed compensation shall be determined in accordance with the provisions of Section 179 of the Act.

13. The provisions of Section 61 of the Act shall apply to this Order and the Order shall take effect on the date hereof.

(NOTE: Any person contravening the provisions of this Order by cutting down, uprooting or wilfully destroying a tree, or by wilfully damaging, topping or lopping a tree in such a manner as to be likely to destroy it is guilty of an offence and liable on summary conviction to a fine not exceeding £400 or twice the sum which appears to the court to be the value of the tree, whichever is the greater, or on indictment to a fine. The penalty for any other contravention of this Order is a fine not exceeding £200 on summary conviction and, in the case of a continuing offence when the contravention is continued after conviction, a person is liable on summary conviction to an additional fine not exceeding £5 for every day on which the contravention is so continued.

If a tree other than one to which an Order applied as part of a woodland is removed, uprooted or destroyed in contravention of an Order or is removed, uprooted or destroyed or dies at a time when its cutting down or uprooting is authorised only by Section 60(6) of the Town and Country Planning Act 1971 relating to trees which are dying or dead or have become dangerous, it is the duty of the owner of the land, unless on his application the local planning authority dispenses with the requirement, to plant another tree of appropriate size and species at the same place as soon as he reasonably can. Except in emergency, not less than five days previous notice of the removal etc., should be given to the authority to enable the latter to decide whether or not to dispense with the requirement).
